I. Greetings from the Chair

As we close out the first half of 2016, I am excited to see the positive changes that are coming. I want to thank all of you for your dedication during this difficult time.

II. News from the Faculty

- **Drs. Joseph and Sandra Jacobson**'s research on FASD in Cape Town was featured in a recent report in the May/June 2016 issue of Global Health Matters, the newsletter of the NIH Fogarty International Center.
http://www.fic.nih.gov/News/GlobalHealthMatters/may-june-2016/Pages/niaaa-fetal-alcohol-research.aspx?utm_campaign=ghm&utm_medium=email&utm_source=ghm2016may
- **Jeff Stanley, Ph.D.** was selected to chair and present at the Society of Biological Psychiatry's 71st annual meeting May 12-14 in Atlanta, in the symposium "Modulation of Glutamate in Task Active States in Humans: Applications to Psychiatry with Real-time Functional Magnetic Resonance Spectroscopy (fMRS).
- **Mark Greenwald, PhD** was selected as the Chair of the NIH Biobehavioral Regulation, Learning and Ethology Study Section [BRLE]. The BRLE Section reviews applications concerned with basic biobehavioral processes and adaptation across the lifespan [infancy through old age].
- **David Ledgerwood, PhD**, and WSUSOM alumni, Russell Yskes, recently had their paper, "Smoking cessation for people living with HIV/AIDS: A literature review and synthesis" published in the Nicotine & Tobacco Research Journal.
- **Arash Javanbakht, MD** recently had numerous articles published. - Evans GW, Swain JE, King AP, Wang X, Javanbakht A, Ho SS, Angstadt M, Phan KL, Xie H, Liberzon I. Childhood Cumulative Risk Exposure and Adult Amygdala Volume and Function. *J Neurosci Res.* 2016 Jun;94(6):535-43
Javanbakht A, Duval ER, Cisneros ME, Taylor SF, Kessler D, Liberzon I. Instructed fear learning, extinction, and recall: additive effects of cognitive information on emotional learning of fear. *Cognition and Emotion.* 2016 Apr 18:1-8. Rauch S, Abelson J, Javanbakht A, Liberzon I. Neurobiology and Translational Approaches to Posttraumatic Stress Disorder, book chapter in *Anxiety Disorders* by Oxford University Press

III. Research Activities

- Congratulations to medical student **Amy Friedman**, who has received the Abstract Travel Award, funded by the National Science Foundation, to attend the 2016 OHBM Annual Meeting, to be held June 26-30 in Geneva, Switzerland. Ms. Friedman has been working with **Dr. Viabhav Diwadkar** and his lab on this research.

The College on Problems of Drug Dependence

During the week of June 11-16, 2016, the CPDD held its annual meeting at La Quinta Resort and Club: Palm Springs, California. Many of our faculty and students were there presenting.

- **Michael Lisieski, M.D./Ph.D.** (2016) "Cocaine self-administration and single prolonged stress produce hyperarousal-like, but not anxiety-like, behavior in rats".
- **Kelpin SS, Ondersma SJ, Svikis D** (2016) Who says yes?: Sample representativeness in a clinical trial of SBIRT.
- **Ondersma SJ** (2016) HIPAA, quasi-anonymity, and other ethical issues with electronic screening and brief intervention in health care settings.
- **Woodcock EA[†], Lister JJ, Reid HR, Lundahl LH, Greenwald MK** (2016) Gender-specific mediational pathways among trait impulsivity, heroin-use consequences, and current depression in heroin abusers.
- **Lister JJ, Xuan SY, Greenwald MK, Ledgerwood DM** (2016) Interpersonal predictors of short-term treatment outcomes among African-American men and women in methadone maintenance treatment.
- **Lundahl LH, Arfken CL, Cohn J, Greenwald MK** (2016) Marijuana use frequency is associated with viral load suppression and biobehavioral outcomes in HIV+ patients.
- **Woodcock EA, Lister JJ, Lundahl LH, Greenwald MK** (2016) Mediational pathways among trait impulsivity, use-related consequences, and quit attempts in cocaine users.
- **Greenwald MK, Woodcock EA, Lundahl LH, Burmeister M** (2016) Recent cocaine use behavior differs by glutamate transporter genotype: a pilot study.
- **Ledgerwood DM, Lister JJ, LaLiberte BV, Greenwald MK** (2016) Injection heroin use and methadone maintenance treatment outcomes.
- **Mark Greenwald, PhD** was selected to co-chair the session, "GATTACA: GENOTYPE/PHENOTYPE".
- **Shane Perrine, PhD** was selected to co-chair the session, "WHAT'S LOVE GOT TO DO WITH IT?: TRAUMA/PTSD".

IV. Office of Education and Training

- Congratulations to **Anindita Chakraborty**, M.D., PGY-1 resident, as her article "Internet Addiction Disorder: A tentative diagnostic category" was accepted by the S American Journal of Psychiatry - Resident Journal.
- Congratulations to **Dr. Kamalika Roy**, PGY-4 resident, **and Drs. Stephen Warnick and Richard Balon** for their excellent workshop "Novel approaches to the treatment of catatonia " presented at the APA Annual Meeting in Atlanta.
- **Residents Summer 2016 Seminar Schedule. This is mandatory for all the residents, but faculty and staff are invited to attend.**
All sessions will be held from 1:00 pm – 2:00 pm in the 2nd floor conference room on the dates below.

Date	Speaker	Topic
July 13, 2016	Deane Aikins	The neuroscience of extreme stress resilience: the bioethical dilemmas of surviving the zombie apocalypse
July 20, 2016	Matt Galloway	SSRLs (Selective serotonin receptor ligands): Novel designer drugs for specific serotonin receptors mediating satiety and hallucinations
July 27, 2016	Bob Freedman	Menopause
August 3, 2016	Sandy and Joe Jacobson	Developmental issues related to maternal alcohol abuse
August 10, 2016	Julie Aikins	Attachment and implications for adjustment
August 17, 2016	Steve Ondersma	Technology in psychiatric practice
August 24, 2016	Mark Greenwald	Patient-centered preferences for psychiatric medications
August 31, 2016	Donald M. Kuhn	Psychiatric and other non-motor symptoms in Parkinson's disease

"Jealousy is the fear of comparison." - Max Frisch
