II. News from the Faculty

- **Dr. Mark Greenwald** was interviewed for a story on disparities in opioid-related deaths in Michigan. [Group targets rising opioid deaths in communities of color - Spartan Newsroom \(msu.edu\)](#)
- **Dr. Gerald Shiener** was interviewed by Charlie Langton of Fox 2 News on the insanity defense in criminal prosecution and its relationship to the Oxford School shooting. <https://www.fox2detroit.com/news/ethan-crumbley-accused-oxford-high-school-shooter-to-pursue-insanity-defense>

III. Research

- **Julia Evanski's** abstract, *Seeing through the smoke: Prenatal cannabis exposure impacts frontolimbic white matter development in children* was accepted as an Oral Presentation at the 2022 Society of Biological Psychiatry (SOBP) meeting. Ms. Evanski is a research assistant in Dr. Marusak's lab.
- **Dr. Clara Zundel's**, *Environmental risk of psychiatric disease: Air pollution, mental health, and frontolimbic brain regions* was accepted as a Poster Presentation at the 2022 Society of Biological Psychiatry (SOBP) meeting. Dr. Zundel is a post-doc in Dr. Marusak's lab.
- **Noor Abou-Rass**, was accepted to present her research, *Impact of COVID-19 Pandemic on Mental Health of Syrian Refugee Youth in Metro Detroit*, at the Council on Undergraduate Research's Posters on the Hill 2022, which will take place as a virtual event on April 26-27, 2022. Noor Abou-Rass is being mentored by Dr. Arash Javanbakht.
